SECURITY. STABILITY. SIMPLICITY.

Logitech's next-gen wireless technology — delivering a high-performance, secure wireless connection when compatible mice and keyboards are connected via Logi Bolt USB receiver.

FULL ENCRYPTION AND SECURE CONNECTIONS ONLY
Cutting-edge wireless protocol, engineered to meet rising enterprise security expectations.

CUT THROUGH CONGESTION
Reliable connections, even in wireless environments congested with interference from Wi-Fi access points or surrounding wireless devices.

TWO WAYS TO CONNECT
Users can either connect via Bluetooth Low Energy wireless technology or via the tiny Logi Bolt USB receiver.

PLUG-AND-PLAY CONVENIENCE
Logi Bolt products are pre-paired to their Logi Bolt USB receivers in the factory, so set-up is truly a plug-and-play experience.

**ONE USB RECEIVER.
UP TO 6 DEVICES.
BOUNDLESS
PRODUCTIVITY.**

PART # 956-000007

Logi Bolt USB receiver provides a robust, drop-off-free connection up to 10 meters (33 feet).
